**Louisiana
Veterinary
Medical
Association**

Who is the LVMA?

The Louisiana Veterinary Medical Association was founded in 1905 and incorporated in 1953.

Our Vision & Mission

Mission: The trusted leader of the veterinary profession, protecting animal and human health in Louisiana.

Vision: An engaged veterinary profession supporting the human-animal bond.

Your Membership Strengthens Veterinary Medicine

Veterinarians invest a large amount of time and money to earn the DVM degree and to become a part of the veterinary profession. Don't leave the future of your profession solely in the hands of others. Support organized veterinary medicine by joining the LVMA today and let your voice be heard.

What does the LVMA do for you?

→ Continuing Professional Education

The annual LVMA Winter Meeting offers essential continuing education for veterinarians in Louisiana, with discounted registration for members.

→ Advocacy

The LVMA and its lobbying team actively monitor and shape state legislation affecting veterinary medicine, with support from the LVMA PAC funded by non-dues income and voluntary contributions. Strong legislative involvement protects the practice of veterinary medicine.

→ News & Networking

LVMA members receive The Louisiana Veterinarian, a quarterly newsletter with updates on legislation, education, legal matters, committee activities, member services, and peer news. The LVMA website (www.lvma.org) also offers current information on association activities and issues related to the veterinary medical profession.

And there's more! Check out all of LVMA's member benefits by visiting our website www.lvma.org.
